

## PARENT REQUEST FORM

We will be spending time in your child's primary school class, talking to them about what they may expect at Irymple Secondary College. They will also have the chance to ask us questions.

We will also be asking them (and their teachers) about who they would work well with, in class, next year and who it is best to be separated from. We will remind them that best friends do not always work well together and they need to think carefully about this. We try to ensure that everyone is with at least one of their nominated friends (unless of course, their class teacher/parent/carer strongly advises against this). (Students are to nominate their choices in private).

Parents and students will be able to name up to 3 people they would like to be in class with, either from their current school or from a different school.

***You will be emailed a link to a google form that will enable you to make your request. Please ensure you respond to this by Fri 19<sup>th</sup> November 2021. Late requests may not be considered.***

We will endeavour to do our best to meet requests.
