Eligibility

An application on behalf of a student may be submitted if the student is:

- a Victorian resident;
- school aged and enrolled (3) three or more days per week at a school; and
- attending a school/campus located outside the Melbourne metropolitan conveyance boundary

A student who meets the above requirements may be eligible if they:

- attend their nearest or designated neighbourhood government school/campus appropriate to their year level, at which admission is permissible, or
- attend their nearest appropriate non-government school/campus appropriate to their year level, at which admission is permissible, and
- reside 4.8km or more by the shortest practicable route from the campus attended

Note: Eligibility is assessed when the School completes your child's application on the Student Conveyance Allowance System (SCAS). If approved, the allowance payable will be based on the least expensive public transport fares. Generally, where public transport is available an allowance for private travel will not be paid. Students who are privately transported 4.8km or more to meet public transport services may be able to claim a private car conveyance allowance as well (multi mode). No public transport allowance is payable if the journey to and from school could be made using a contract school bus. For further information regarding the Conveyance Allowance Program see: www.education.vic.gov.au/travellingtoschool

*Multi mode conveyance allowances

Multi mode conveyance allowance applies when a student uses more than one mode of transport (e.g. private car and public transport) for a journey between home and school.

A conveyance allowance may be granted at the appropriate rate for private transport or public transport where the distance travelled is 4.8km or more for each leg of the journey. This provision does not apply if the journey could have been undertaken using a single mode transport or one leg of the journey is less than 4.8km.

Where two modes of private transport are used (private car and private bus), the amount payable is based on the distance from the student's residence to the school/campus at the private bus rate.

Rates are calculated using the shortest practicable route (measured in kilometres) from the student's residence to the school/campus attended.

Multimode is not applicable under the 'next nearest' school allowance or to attend a more distant school.
